

Quiz #11 - LEED Green Associate

GA02 – Pgs. 777

GA09 – Pgs. 140-142

GBLCC Section 4: Green Building Core Concepts and Application Strategies: Innovation and Regional Priority

1. Which of these can a project team use to earn an IN Credit: Innovation?
 - A. Innovation, pilot credit, exemplary performance
 - B. Innovation, pilot credit, extraordinary performance
 - C. Innovation or exceptional performance
 - D. Exceptional performance

2. How is an exemplary performance point earned?
 - A. Reducing indoor water use by 50% in WE Credit Indoor Water Use Reduction
 - B. Installing a vegetated roof
 - C. Achieving double the credit requirements or the next incremental percentage threshold in a credit that allows exemplary performance
 - D. Diverting 100% of the project's construction waste

3. Which of these describes a pilot credit?
 - A. Pilot credits are a testing area for new ideas in LEED
 - B. Pilot credits are permanent additions to the LEED rating system
 - C. Pilot credits cannot be earned by project using LEED BD+C: New Construction
 - D. Pilot credits replace existing credits

4. Which of these describes a pilot ACP credit?
 - A. Pilot credits are a testing area for new ideas in LEED
 - B. Pilot credits are permanent additions to the LEED rating system
 - C. Pilot credits cannot be earned by project using LEED BD+C: New Construction
 - D. Pilot ACP credits can be used to replace an existing credit

5. Where can a project team find the currently available Pilot credits?
 - A. USGBC Web site
 - B. USGBC Web site in the Pilot Credit Library
 - C. Rating System Reference Guide
 - D. LEED Online

6. Where does the project team register to earn a Pilot credit?
 - A. LEED Online
 - B. USGBC Web site
 - C. Project Registration
 - D. Project Tools

7. Which of these is an example of an innovation credit?
 - A. Signage indicating the recycled content of a ceiling tile
 - B. Education program that includes a weekly tour of the building with information about sustainability
 - C. A self-guided tour of the buildings landscaped areas
 - D. Parking lot lights that reduced energy demand by 95%

8. What credit category can a project earn a point in for having a LEED AP in a principal role on the project team?
 - A. Integrative Process (IP)
 - B. Regional Priority (RP)
 - C. Education and Awareness (EA)
 - D. Innovation (IN)

9. How many points can a project earn for having three LEED AP's with specialty and one LEED AP as a principal participant on the project team?
 - A. 3
 - B. 0
 - C. 1
 - D. 4

10. What is the intent of the Innovation Credit: LEED Accredited Professional?
 - A. To encourage projects to achieve exceptional or innovative performance.
 - B. To encourage the team integration required by a LEED project and to streamline the application and certification process.
 - C. To encourage the project team to earn the most LEED credits possible.
 - D. To enhance the ability of LEED project teams to address critical environmental issues.

11. How many Regional Priority credits are there for every location and every rating system?
 - A. 2
 - B. 4
 - C. 6
 - D. 8

12. In what credit category are innovation points earned?
 - A. Regional Priority
 - B. Innovation
 - C. Water Efficiency
 - D. Energy and Atmosphere

13. Who determines the Regional Priority credits for a project?
 - A. Zip code
 - B. USGBC
 - C. USGBC chapters and the LEED International Roundtable
 - D. Local USGBC Chapter

14. What is the ultimate goal of Regional Priority credits?
 - A. To enhance the ability of LEED project teams to address critical environmental issues across the country and around the world.
 - B. To recognize projects for innovative building features and sustainable building practices and strategies.
 - C. To encourage projects to save water and energy.
 - D. To help projects earn more points.

15. In what credit category can LEED projects earn bonus points for earning credits identified as significantly important for their project's location?
 - A. Innovation
 - B. Sustainable Sites
 - C. Location and Transportation
 - D. Regional Priority

16. Which of these applies to Regional Priority credits?
- A. Regional priority credits not available in certain project locations
 - B. Bonus points for their achievement will be awarded automatically
 - C. Projects must submit a Regional Priority credit template
 - D. One point is awarded for each Regional Priority credit achieved, up to a maximum of six
17. Which of these would be exemplary performance for a LEED BD+C: New Construction projects?
- A. Having three or more LEED APs on the project team
 - B. Install a 100% vegetated roof
 - C. Divert 95% of all construction waste from landfill
 - D. Earn 55% savings for Water Efficiency Credit Indoor Water Use Reduction
18. How many Continuing Education hours (CE) are required to maintain a LEED Green Associate credential?
- A. 15 hours annually
 - B. 15 hours biannually
 - C. 30 hours annually
 - D. 30 hours biannually
19. How many years must a person have held a LEED professional credential to be nominated as a LEED Fellow?
- A. 5 years
 - B. 7 years
 - C. 8 years
 - D. 10 years
20. Which of these is exclusive to the LEED v4 for Homes rating system?
- A. Prerequisites
 - B. Credits
 - C. LEED AP with Specialty
 - D. Green Rater
